HISTORY OF WINE CHAMBERS

Wine Chambers Restaurant and Wedding Venue is situated in the historic General Buildings at 29-33 Shortland Street in Auckland's CBD.
The building was originally built to house Yorkshire General Insurance in 1928. It was famed for its use of palatial and local marble and bronze, being the first centrally heated building in the country.
These factors are very much still in evidence today, with Wine Chambers offering you an elegant and grand setting for the more intimate wedding.
With the recent opening of the sophisticated Chambers Bar on the lower ground floor of the General Building, we can now offer you the addition of a chic and stylish venue for both pre dinner drinks and after dinner dancing.

SEATING CAPACITY AT WINE CHAMBERS

Ideally suited to the more intimate wedding party, Wine Chambers can seat up to 70 guests in the main restaurant area.
Two private dining areas also provide additional space for the display of gifts, a separate relaxed seating area, as well as space for dessert.
Wine Chambers Bar also comfortably accommodates 100 people for cocktails and pre dinner drinks and some "energetic" post dinner dancing.
